

Chapter 59 Mrs.Shears's point of view[...]

I was in my home sitting in my sofa, watching my favorite tv show when suddenly someone knocked at the door. I took my tea and I opened the door. It was Christopher again , i didn't know why he had come back and I didn't want to talk to him. He just kept telling me he hadn't killed Wellington, I thought so hard about my dog that I spilled my tea onto the carpet. I was so embarrassed, i closed the door and and I waited for him to leave while watching him through the window. After 5minutes, I went back to watch TV but I heard noises coming from the garden I didn't pay more attention. But at one point I really felt a presence in my garden, so I decided to get up and go see what was happening, guess who was there ? Christopher again with the fork which had killed Wellington and he said to me "I came to see if the fork was in the shed" he really annoyed me so i said "If you don't go now I will call the police again." He finally understood and he went home. I don't like it when people disturb me during my tv show. Anyway, i think Christopher will surely try again to ask me questions I know that he has inquired in the neighborhood. It's nice to investigate but i don't believe him, i think he has murdered my dog because he is the last person i saw with Wellington. Should i make my own investigation? Or let the police do it? That really makes me sad, I loved my dog he was all my life. Well, we will see what this investigation reveals...
